Notes for comcast.net Abuse/Security

A listing in the ROKSO database means that this spammer has already been terminated by a minimum of 3 consecutive Internet networks for serious spam offenses. ROKSO spammers are professional spam gangs, they will use every trick in order to stop you from terminating them. Please do not allow your network to be a haven for ROKSO spammers, doing so puts your network in the position of "Knowingly providing Spam Support Service".

Removal Procedure

As this is a known professional spam operation, it is important that all service to the Brian Kramer / Expedite Media Group spam operation be terminated before this listing can be removed from the SBL. There can be no functioning web site, mail or DNS server still serving the spam operation in 24.14.76.235/32.

To have record SBL19478 (24.14.76.235/32) removed from the SBL, the Abuse/Security representative of comcast.net (or the Internet Service Provider responsible for connectivity to 24.14.76.235/32) needs to [contact the SBL Team](#) to advise how the spam problem has been terminated.

If you are a representative of comcast.net, you also need to see this:

[Current comcast.net SBL Listings](#)

The SBL is an international anti-spam system maintained by The Spamhaus Project and used by Internet networks to protect customers from spam sources and spam services. The SBL lists only IP addresses (not domains or addresses). If you are unable to send email due to this SBL listing, please contact your Internet Service Provider and show them this page - your Service Provider needs to contact Spamhaus to resolve the issue. (If you are not the Internet Service Provider, please do NOT contact us.)
